

Installation manual for KeyView Free!

Dear customer,

You are in the process of downloading KeyView Free!

– The viewer for IGES, STL and DXF

- Wait until the download is completed and then install KeyView Free! on your computer.
- When you start KeyView Free! for the first time you will be asked to register for a license.
- Click on “Request for KeyView Free! License!”
- For the registration you will be directed to our website – enter your data and you will receive an e-mail with a link to the license file.
- Download this license file (license.lic) and save it in the installation directory of KeyView Free! (Example 32-bit: C:\KeyView13 or 64-bit: C:\KeyView13x64).
- You can now use KeyView Free! without limitations.
